Quality, credibility and transparency are not just the technical jargons for us. We make sure that they are observed in our day-to-day practices. In the coming year, we look forward to expand our work and services to new potential locations with the same values and spirit.

All these achievements were happening with the help of generous donors listed at the end of the report, and our collaborating partners. We heartedly laud their valuable support and looking forward for likeminded donor support for our future activities.

SUCCESS STORY

My parents are Laborers. They work for 7 days a week. Be it rain, heat or cold, they are out working in the field. I hope when I grow up I can give them a comfortable life and the happiness they deserve. Tanu is a student of Class 4 at Sunrise school. Like all the children of his village, she joined his parents in the work when she was old enough to stand up. When the Mission Education centre opened in their village, it took months of counselling by the teachers to convince the parents to send their children to school. Tanu's parents enrolled him. Today, Tanu is one of the class toppers, a vivid speaker and a happy child.
